# **CORONA D LED**

# New Concept Recessed LED Luminaire with Microprismatic or Opal Diffuser

### **CORONA D LED1X3600 E268 T840 MPRZ LT92**

Type:	A new concept of recessed mounted LED luminaires with microprismatic or opal diffuser for most commercial lighting applications.
Specification:	Diffuser: microprismatic (MPRZ LT92) or opal (OP LT80). Fully enclosed white steel body. Luminaire is plastic-wrapped and boxed individually.
Installation:	Fits 15-24mm exposed T-Bar ceiling 600x600mm.
Application:	Indoor. Office buildings, shops and other commercial environments.

**Simple installation**: Luminaire fitted with ACT+ is as easy to install as a simply switched luminaire. No control wiring, programming or configuration is needed.

**Self-learning**: ACT+ uses 60-100 hours to learn about its environment - external daylight conditions and other luminaires around it.

**Smart energy savings**: Compared to a simple switched luminaire, Active+ brings added features - presence detection, daylight harvesting, seamless and comfortable dimming.
